

Dear Parent/Guardian,

Just a quick reminder that this school year we will continue to serve Hot Lunch EVERY school day. Lunches will be provided through Hope’s Kitchen (via prepaid menus, a copy of which is given to the students as well as mailed out the month prior). Lunches are \$2.50 for a single serving (you’re welcome to double up for \$5.00) and various name brand single-serving chips are available for “purchase” (via merit tickets awarded) in the classrooms through our PBIS program as well.

If your student is eligible for Free/Reduced Lunch through your home school district, please provide the necessary documentation verifying that your child is approved. The form is available from your home school (a copy is within the welcome packet as well) and should be turned in to the home school/district for determination. Students who are participants of the Free/Reduced Lunch program are entitled to a single-serving of Lunch.

Unfortunately, we have neither the ability nor the staffing to accommodate the students warming up or cooking homemade or pre-packaged lunches here at school so we recommend students bring a cold lunch or items for which it is not necessary to cook or warm up (even in the microwave).

Please sign below indicating you have read and understand the lunch policy here at Hopewell Academy.  
Thank you,

Marcus Payton  
Assistant Director

***Cut off bottom portion of permission slip and return to school.***
